**AMENDMENT IN RESPONSE TO
NOTICE OF NON-COMPLIANT AMENDMENT**

This is in response to an Official Action mailed July 19, 2005, entitled "Notice of Non-Compliant Amendment."

As will be seen, the Office noted a small matter of form relating to the Title, and the applicant hereby provides this corrected Amendment regarding same.

The applicant has also made another amendment to the Specification, specifically to the "Cross Reference to Related Applications" section, in a manner more in line with the suggested amendment to the Title. This amendment was set forth in the previous response by the applicant. It is clear from the file history that this amendment is appropriate; the Examiner cited this application repeatedly in previous office actions, and it is clear from the record that there was no confusion as to the identity of the related application.
